

High Purity Plant Extract Powder Quinine Raw Powder For Antimalarial CAS 130-95-0

Our Product Introduction

Basic Information

- Place of Origin: China
- Minimum Order Quantity: 100Grams
- Price: USD
- Packaging Details: 1kg/Foil Bag
- Delivery Time: 3-7days after received payment
- Payment Terms: T/T, Western Union, PayPal
- Supply Ability: 5000KG Per Year

Product Specification

- Product Name: Quinine
- Cas: 130-95-0
- Appearance: White Powder
- Purity: 99%
- Usage: Antimalarial
- Highlight: Antimalarial Plant Extract Powder, Quinine Plant Extract Powder, CAS 130-95-0 Pure Quinine Powder

Product Description

High Purity Quinine Raw Powder Purity 99% Plant Extract For Antimalarial CAS 130-95-0

Product description:

Nature Quinine is a natural white crystalline alkaloid having antipyretic (fever-reducing), antimalarial, analgesic (painkilling), anti-inflammatory properties and a bitter taste. It is a stereoisomer of quinidine which, unlike Nature Quinine, is an anti-arrhythmic. Sulphate Quinine contains two major fused-ring systems: the aromatic and the bicyclic quinuclidine. Though it has been synthesized in the lab, the bark of the cinchona tree is the only known natural source of Nature Quinine.

The medicinal properties of the cinchona tree were originally discovered by the Quechua Indians of Peru and Bolivia; later, the Jesuits were the first to bring the cinchona to Europe.

Fuction

Quinine is a substance that was first obtained by processing the bark of the cinchona tree, a South American native plant that has been used as a fever reducer by Native Americans for centuries. This substance has been used historically to treat malaria, along with some other medical conditions, and although a number of antimalarial drugs are on the market today, it is still used in some regions.

It is also used commercially as an additive to tonic water, a soft drink that is used as a mixer for other drinks in addition to being consumed straight.

P r o d u c t N a m e	Nature Cinchona Extract
A c t i v e i n g r e d i e n t	Quinine
G r a d e	Medicine grade; Food grade
A p p e a r a n c e	White crystalline Powder
